DESCRIPTION OF DOCUMENT(S) *(Indicate type (letter, message, etc.) and the number of copies; subject (short title if classified); number of attachments; and any other identifying data. Changes in the description (additions, withdrawals, etc.) will be shown with the date and initials of individual making entry.)*

Enclosed is one copy of the new gravity reference base station values for all volumes of Reference Publication No 25, "World Relative Gravity Reference Network," previously forwarded to your office during the past three years. These new values are keyed to the International Gravity Standardization Net - 1971 (IGSN-71) adopted by the International Association of Geodesy in 1971. All gravity data requested from the DOD Gravity Library will now be keyed to IGSN-71.
